With this purpose in mind Delicia was founded in 1938. The challenge that keeps us alert is to create, together with our partners, delightful chocolate decorations, ingredients and snacks. Exquisite products that make people happy.

Focus on innovation

We can look back on quite a history and we can count ourselves among the larger producers of chocolate vermicelli, decorations and coated snacks. We would like to maintain this position and that is why we are very passionate about what we do. We focus on innovation and growth to develop together with our customers surprising product concepts.

Delicia understands your needs

As a supplier and/or producer you want to be sure that your logistical chain is working efficiently at all times. That is the core of your company and your biggest concern. That's why we guarantee reliable and fast delivery.

Surprise people. Excite people. Seduce people with an amazing product. A product that not only looks good and tastes delicious but that, above all, turns an ordinary moment into something special. **A moment to look forward to.** A moment to enjoy with the whole family or just by yourself.
